

## EAGLE BOA Holder-

The Enhanced Army Global Logistics Enterprise (EAGLE) program is entering its second year. Since the previous BOA Holder's meeting there have been a number of Task Order awards, additional BOA executions and the first Annual Review of the program. The Government took the feedback gathered from the initial meeting and made adjustments accordingly. While progress has been made there is always the potential for further improvements. To that end, the Army is soliciting your feedback and suggestions for the upcoming BOA Holder Meeting in November 2013. What elements of the program have worked well so far? Which can be improved upon? Are there any specific issues that you would like to see addressed at the next meeting? What improvements have you seen since the first BOA Holder's Meeting?

As the program continues to mature it is important that the Government continue to work closely with industry to capitalize on opportunities of process improvement and be proactive in mitigating any potential adverse impacts.

Please provide your company's input on the above areas to the EAGLE Mailbox ([usarmy.RIA.acc.mbx.eagle@mail.mil](mailto:usarmy.RIA.acc.mbx.eagle@mail.mil)) NLT 15 OCT 2013. In the subject line of your email please use the following format "Company Name – BOA Holder Feedback". Your responses will be utilized in assisting the Government improve the program. The Government thanks you in advance for your participation and feedback.
