

From the middle of the Mississippi River, the U.S. Army Contracting Command- Rock Island provides worldwide procurement support to Soldiers, civilians and contractors.

Located on an historical island in the Mississippi River, the U.S. Army Contracting Command-Rock Island, Ill., provides worldwide procurement support to Soldiers, civilians and contractors. ACC-RI has the talent and capability to execute and administer contracts in support of Army requirements located at any point around the world. ACC-RI employs more than 600 personnel managing contracts valued at more than \$70 billion.

ACC-RI provides the full-spectrum of contracting support to a diverse customer base including the U.S. Army Sustainment Command; the Joint Munitions and Lethality Life Cycle Management Command; Joint Manufacturing and Technology Center; Joint Munitions Command; Program Executive Office-Enterprise Information Systems; the Surface Deployment and Distribution Command ; Installations Management Command; and the Office of the Program Manager, Saudi Arabian National Guard .

ACC-RI provides acquisition support to major customers including: U.S. Army Forces Central Command; U.S. Forces – Afghanistan ; U.S. Central Command Joint Theater Support Contracting Command; Department of State; Program Executive Office-Ammunition; Department of the Army Chief Information Officer/G6; U.S. Army Information Technology Agency; Department of the Army G4; PEO-Assembled Chemical Weapon Alternatives; PEO-Chemical and Biological Defense; Joint Program Manager-Elimination; Material Management Center; U.S. Marine Forces Central Command; U.S. Air Forces Central Command; U.S. Naval Forces Central Command; Coalition Joint Task Force 101; Office of Security Cooperation-Iraq; International Security Assistance Force; U.S. Army Security Assistance Command; 1st Army; Rock Island Garrison; and Foreign Military Sales.

ACC-RI is organized into 10 divisions reflecting the support it provides to a diverse mission set: Ammunition/Chemical Demilitarization, Installations, Information Technology, SDDC/Pentagon Support, Logistics Civil Augmentation Program, Global Reachback, EAGLE and Sustainment, Business

Operations and Contracting Support, Contract Pricing, and Workforce Development.

Although ACC-Rock Island is headquartered on Rock Island Arsenal, there are ACC-RI contracting officers and staff members located offsite at chemical demilitarization facilities, including Anniston, Alabama; Blue Grass, Kentucky; Pueblo, Colorado; and Umatilla, Oregon.

ACC-RI also has contracting oversight responsibilities for installation mission support at locations including: Blue Grass Army Depot, Kentucky; Crane Army Ammunition Activity, Indiana; McAlester Army Ammunition Plant, Oklahoma; Pine Bluff Arsenal, Arkansas; and Tooele Army Depot, Utah.

ACC-RI also manages personnel at offsite locations supporting the ammunition mission: Hawthorne Army Depot, Nevada; Holston Army Ammunition Plant, Tennessee; Iowa AAP, Iowa; Milan AAP, Tennessee; Lake City AAP, Missouri; Radford AAP, Virginia; and Scranton AAP, Pennsylvania.

ACC-RI has trained a cadre of military personnel to deploy on a rotational basis to Kuwait in support of contract administration.
